

**To our international partners in Canada, France, Romania,
Spain, the United States and Uruguay**

The outbreak of this pandemic is affecting all of us and our way of life. It has created a situation of social distancing, which is sometimes hard to bear, also in our business. These most challenging times of restricted or suspended in-school classes and cancelled international trips remind us that we are all connected, even more than usually.

Our hearts go out to anyone who has been impacted by the pandemic, directly or indirectly. We would like to express our best wishes to you. Since we could not proceed as planned this year, we look forward to resuming our fruitful relationships after Covid-19.

Stay safe!

On behalf of our team

Alexander Rebers
(Principal)

Silvia Herzog
(Co-ordinator of exchange programs)
